– *Westchester Lawyer*

The only set of its kind. A joint venture of Thomson Reuters and the New York County Lawyers Association, this set features the work of 256 expert authors, including many of the best commercial litigators and judges in New York state. It is the definitive work for lawyers and judges working in the commercial, financial, and banking capital of the United States.

This treatise has received more than 100 favorable book reviews in bar journals and legal newspapers. Enhanced with 28 new chapters, revisions to the chapters carried forward from the Fourth Edition, and discussion of hundreds of new cases, this seminal work has been completely revised and expanded. The set features comprehensive coverage and current analysis of substantive and procedural law in commercial cases to help you develop a successful litigation strategy.

This means you’ll benefit even more from the knowledge, analysis, and experience of many of New York’s most respected judges and practitioners.

You’ll find:

- Effective strategies for each step of a case, from investigation and assessment through parties, pleadings, discovery, motions, experts, trial, appeal, and enforcement of judgment
- Treatment of litigation expedition and streamlining, technology, and management by law firms, corporations, and judges
- Extensive coverage of discovery procedures and strategy, including such topics as depositions, document requests, discovery of ESI, interrogatories, and requests for admission
- Comprehensive treatment of remedies, including compensatory and punitive damages, specific performance, rescission, and more
- Nine chapters covering every aspect of trial procedures, techniques, and strategies
- Separate chapters on litigation avoidance and prevention, settlements, negotiations, mediation, arbitration, and international arbitration

- Common chapter structure with time-saving and practical features for all topics, and numerous cross-references, so you can quickly find the information you need
- Procedural and practice checklists, and checklists of allegations, defenses, and sources of proof, that help you plan discovery and evaluate your case
- Hundreds of pages of essential litigation forms and jury charges that facilitate document drafting and help you effectively manage a wide variety of cases

You’ll get 64 substantive law chapters that cover the subjects most often encountered in commercial cases, including contracts, insurance, sale of goods, banking, securities, antitrust, intellectual property, professional liability, business torts, franchising, and many others. New chapters cover such additional topics as:

- Artificial intelligence
- Career and practice development, marketing to potential business clients, teaching litigation skills, attorney discipline, and diversity and inclusion
- Valuation of a business and of real property
- Third-party litigation funding
- Comparisons with commercial litigation in Delaware and foreign courts, cross-border litigation, and business courts
- Deceptive and misleading business practices, fraud, fraudulent transfer, fiduciary duty litigation, and negligence
- Joint ventures and limited liability companies
- Fashion and retail, gaming, and private equity

The text includes more than 40,000 citations to current cases, statutes, and rules. You’ll also get an appendix containing tables of laws, rules, and cases, plus an index.
